1. Congratulations on your decision to attend Texas A&M University and your selection into the Corps of Cadets! By enrolling in the Naval Reserve Officer Training Corps (NROTC) Program, you have joined the best and largest NROTC Program in the nation.
2. Enclosed are your New Student Conference (NSC) Information Packet and NROTC enrollment paperwork. Please take the time to read the packet; it will assist you in your transition to Texas A&M, the NROTC Program, and the Corps of Cadets. The enrollment paperwork includes several forms that need to be filled out and returned in a timely fashion to facilitate your enrollment. **It is preferred that you complete and return this packet at Spring Orientation Week (SOW) check-in.** Included in the paperwork is a three-page medical history questionnaire that needs to be signed by a physician. The Corps of Cadets has a separate medical history form requiring a physician's signature. I recommend you take both questionnaires to the same doctor's appointment for signature.
3. As you prepare to enter Texas A&M and the Corps of Cadets, you are embarking on an exciting phase of your life. SOW is the start of your adventure. This is your opportunity to become oriented to the Texas A&M Corps of Cadets. You will receive additional details from the Corps of Cadets concerning SOW. I want to inform you that SOW is physically and mentally demanding and includes a physical readiness test for Navy Option students and a physical fitness test for Marine Option students. Please use the enclosure provided as a guide to help you physically prepare for SOW.
4. If you have any questions, Navy Options should contact Lieutenant Ochsner at dochsner@navy.tamu.edu, and Marine Options should contact Captain Quandt at kquandt@navy.tamu.edu; both can be reached at (979) 845-1775. Additional information may be found on the Naval ROTC homepage at <http://nrotc.tamu.edu> and the Corps of Cadets homepage at <http://corps.tamu.edu>.
5. Welcome Aboard, I'm looking forward to you joining our team. Gig 'Em and Semper Fidelis!

5. Scholarship and College Program Students enrolled in NROTC are eligible to receive an annual uniform commutation allowance to help offset the Corps of Cadets' uniform expenses. Uniform commutation is paid out in the Spring semester if you are in good standing from the previous Fall semester. Specific details, to include eligibility requirements, are available from your military advisor and are also included in your registration packet.
6. Physical Fitness is essential within the NROTC Program and Corps of Cadets. This packet includes information on Navy and Marine Corps' physical fitness standards. The inventory PRT for Navy Options and PFT for Marine Options will occur within the first two weeks of the semester.
7. College Program/Advanced Standing/Scholarship students are required to attend physical fitness training with the NROTC Unit

twice a week, attend all leadership laboratories, and be advised by a military advisor. Regardless of which commissioning contract you pursue; you must maintain a 2.5 GPA or above and pass our Physical Fitness Test.

NROTC Navy-Option Student Academic Guide

Howdy incoming NROTC Midshipman (MIDN)!

Congratulations on your acceptance to Texas A&M University and for receiving a Naval ROTC scholarship. To help guide you on selecting your classes for your first semester, we have provided you with a list of classes that you should take to expedite your time at Texas A&M University. This guide is to help identify which AP/College Credit classes that can transfer to your desired majors as well as to meet your requirements as a MIDN on scholarship.

What are the required classes as a Navy NROTC scholarship student?

It is important to note that all Naval MIDN are required to take 2 math courses (6 credit hours) and 2 physics courses (6 credit hours) regardless of major. All MIDN are also required to take 2 courses (6 credit hours) of English, 1 course (3 credit hours) of American History/National Security and 3 credit hours of cultural diversity. To see which classes are accepted by the NROTC for these requirements see **Navy-Option Approved Course List** attached below.

What if I already have AP classes? Do they count towards my degree and for the NROTC?

Your AP classes should already count for many of your classes here at Texas A&M University. It is highly encouraged that you accept and use as many credits as possible. Your university advisors may tell you it's a good idea to take the lower level courses again even if you already have the credit. The NROTC recommends that you do not retake any courses that can be counted as credit. Instead, the NROTC recommends that you move on to the next higher course offered for your major. To determine whether or not your AP credit counts at Texas A&M please go to:

https://web-as.tamu.edu/ecardimages/publications/testing/AP_052219.pdf

Please verify that the course you wish to accept credit for is a course that is required by both your desired major program and accepted by the NROTC.

What classes should I take during my first semester at Texas A&M University?

Your university academic advisors may provide you a list of resources that they recommend that you personally take. Some may recommend that you take a prerequisite even though you qualify out of that specific class. We recommend that you take the highest available math class you qualify for regardless of what your university academic advisors recommends. The NROTC program will provide you with all the necessary resources to be successful within these higher math classes. The Corps of Cadets offers its own resources to make sure that you are successful and prepared for the fleet!

In an effort to expedite your time here at Texas A&M NROTC these classes do not meet requirements for credit towards NROTC scholarship:

- **Math:** Math 140, Math 141, Math 142, Math 147, Math 148, Math 150.
- **Physics:** Physics 101, Physics 102, Physics 201
- **English:** English 107, English 201, English 202, Communications 101, Communications 107
- **History:** History 106, History 107

We recommend that you take these required classes in your first year:

- **Math:** Math 151, Math 152, Math 171 or Math 172 as these are all required.
- **Physics:** Physics 208, Physics 218, Physics 206, Physics 216, Physics 207 or Physics 217
- **English:** English 103, English 104, English 203, English 210, Comm 203, Comm 205, Comm 210, Comm 243

If you have any questions or concerns please reach out to your NROTC advisor:

Plank – To start the plank, elbows should be bent and lowered to the ground so that the forearms are lying flat on the ground, with the body in a straight line similar to a push-up position, with feet hip-width apart. Elbows should be aligned below the shoulders with forearms parallel to the body at about shoulder width distance. Hands must be on the ground, either in fists with pinky side of the hand touching the ground or lying flat with palms down. Hips should be lifted off the ground with feet flexed and the bottom of toes on the ground. Back, buttocks, and legs shall be straight from head to heels and must remain so throughout the test. Toes, forearms, and fists or palms shall remain in contact with the floor, not a wall or other vertical support surface. Participants will hold this position for as long as possible or until the maximum time of three minutes, forty seconds.

Push-ups - Back, buttocks, and legs shall be straight from head to heels and must remain so throughout test. Toes and palms of hands shall remain in contact with floor. Participants should perform as many push-ups as possible within the two-minute time period.

1.5-mile run - Participants should run 1.5 miles as quickly as possible.

SUBJECT:

COMMUTATION IN LIEU OF UNIFORMS FOR ENROLLED MEMBERS OF THE NAVAL ROTC

PERMANENT TEMPORARY

AUTHORITY (IF PERMANENT):

CO, NROTC UNIT, TEXAS A&M UNIVERSITY

In accordance with provisions contained in DoD Instruction 1215.08, "Senior Reserve Officers Training Corps (ROTC) Programs," Commutations in Lieu of Uniforms is a DoD policy which provides commutation funds in lieu of uniforms for members of NROTC programs located at military schools. Standard commutation payments shall be made directly to midshipmen during the second semester. It is the midshipman's responsibility to settle accounts with the school for their uniforms. Reimbursement payments shall be made on an annual basis.

Payment of commutation funds shall be made during the second semester of the academic year for all cadets and midshipmen who have successfully completed an initial probationary period and who remain in good academic, physical, and aptitude standing within the NROTC program. For new students, the first semester shall qualify as an initial probationary period of enrollment. During the probationary period, and to remain in good standing, basic course cadets and midshipmen shall, at a minimum, be required to:

- Sign this statement of understanding which outlines the probationary period requirements
- Submit all required NROTC enrollment information
- Provide proof of U.S. citizenship
- Provide necessary direct deposit information
- Successfully pass the Physical Fitness Test (Contract – Navy PRT/Marine Corps PFT; College Program – Corps PT Test)
- Not have multiple unauthorized absences in Naval Science class and/or Leadership Laboratory
- Maintain professionalism and conduct becoming of an NROTC program student

- For Sophomores specifically: Maintain a 2.5 or better term GPA and cumulative GPA
- For Freshmen specifically: Pass the required Naval Science course

I, _____, understand the policy regarding the uniform commutation allowance.

I also understand that by not providing the necessary documents or by not meeting the requirement set forth above, I will not be eligible for the uniform commutation allowance. Furthermore, I understand that if I am not in good standing with the NROTC Unit and/or if I disenroll from the program (Corps of Cadets Juniors and Seniors not on NROTC scholarship with the exception of Advanced Standing are considered to be disenrolled from the NROTC program), I will not receive my uniform commutation allowance and will be liable to pay uniform charges to the University.

Our nation's Naval service, made up of the Navy and Marine Corps, has successfully met every challenge. Between 13 October and 10 November 1775, the Continental Congress authorized a few small warships and two battalions of Marines. Just after New Year's Day in 1776, five companies of Marines embarked aboard these new warships of the Continental Navy in Philadelphia and set sail. Eight weeks later and only 5 months after authorization by the Congress, 230 Marines & 50 Sailors assaulted across the beach in the Bahamas to capture gunpowder and weapons from a British fort. US Sailors & Marines had landed for the first time in history and the situation was well in hand. From those early days of naval expeditionary service, our bedrock principles have remained constant. Our core values of *honor, courage, and commitment* remain the distinguishing characteristics of the Naval Service.

Honor: *"I will bear true faith and allegiance ..."* I will conduct myself in the highest ethical manner in all that I do. I will abide by an uncompromising code of integrity, taking full responsibility for my actions and my word. I am accountable for my behavior, both professional and personal, and remain ever mindful of the privilege I have to serve my fellow Americans.

Courage: *"I will support and defend ..."* I will demonstrate the courage to meet the demands of naval service; to do what is right at all times, especially in the face of temptation or adversity. I will make decisions in the best interest of the nation without regard for personal consequence. I will adhere to the highest standard of personal conduct and decency. My moral courage will give me the strength to always do what is right.

Commitment: *"I will well and faithfully discharge ..."* I will demonstrate respect up and down the chain of command while caring for the professional and personal well-being of each of our people. I will treat everyone with human dignity and respect. I will work as part of the Navy-Marine Corps Team to accomplish each mission assigned and to ensure the future of our nation.

A midshipman is person of integrity and stands for that which is right. I tell the truth and ensure that the full truth is known. I do not lie. I embrace fairness in all actions. I ensure that work submitted as my own is my own, and that assistance received from any source is authorized and properly documented. I do not cheat. I respect the property of others and ensure that others are able to benefit from the use of their own property. I do not steal.

I have read and understand the NROTC Concept of Honor effective this date _____
